Pre-Pay Your Orders with PaySwitch:  
Your Solution to Seamless Online Payments

With a growing demand from customers to pre-pay instead of using cash, online payment utilization has seen a significant increase over the past two years...

According to our data, online payment popularity has seen a **30% growth** this past year. The trend of online payment adoption is expected to further increase as technology and customer preferences evolve. In fact, our insights show that **33% of customers prefer to prepay** at the time of placing their order via an app or website.

However, managing online payments across multiple restaurant locations can be chaotic, with multiple points of contact between banks and payment gateways, and with hefty fees involved.

Enter PaySwitch - the **solution** to your online payment needs. Our platform offers a **seamless and hassle-free payment aggregation experience**, with lower fees and none of the admin-intensive costs. With our TPPP certification and PCI-DSS Level 2 Compliance, you can be sure that all of your restaurant transactions are **secure and accredited**.

Your Customers. **Your Advantage.**

# Why choose PaySwitch?

**We're here to help:** We handle chargeback queries with customers and banks for you, taking the burden off your plate.

**We have scale:** Our pricing is competitive, thanks to our scale and our commitment to always look out for your bottom line.

**More favourable disbursements:** Our disbursements are done on business days and in the exact amount paid, without deducting any fees upfront.

**A "zero interest" promise:** We believe in total transparency, so no interest is ever earned on retained funds.

## **We're Any Restaurant's Secret Weapon:**

- ✓ Quick setup for faster receipt of online payments
- ✓ Less admin and fewer chargeback queries
- ✓ One point of contact instead of dealing with a bank and a payment gateway
- ✓ Reduced financial risk of failure to collect payment or deliver food
- ✓ Lower risk of fraud by drivers and cashiers
- ✓ Consistent support for pre-payments across all restaurants
- ✓ Improved cash flow and greater margins
- ✓ Lower monthly fees than alternative 3rd party payment platforms
